Dear Jimmy,

It looks as tho we will be going to Wash. D.C. in October.

I don't need to say anything more about that now because Mary just called to tell me she had just talked to you. I think it is very exciting that you are moving back to the Watergate. I love that place. You will be so busy getting settled that I am sure it is a relief not to plan to come back here at that time. We are anxious to see you. Mary wants us to be there the month of Oct. since Mike will be here and then she will be free to go as much as she wants to.

We are now thinking of driving our car back. I think it would be so much fun. Let's see.

join the Automobile Club and
they will map out the route, altho
we can do that also. We will
probably stop in Minneapolis on the
way as it will be the feet of Nov.
when we leave Alexandria. If dad
thinks the trip is too long we will
sell our car there and fly home
and buy a new car. I can even
bring my ice chest along for our
lunches and snacks.

I hope dad stays enthusiastic.
See you October 1st.

Love,
Mom
